

Ever Easy™

By Ox Controls™

THE WORLD'S **EASIEST** GARDEN SPRAY

EASY CONTROL HAND JET SPRAY

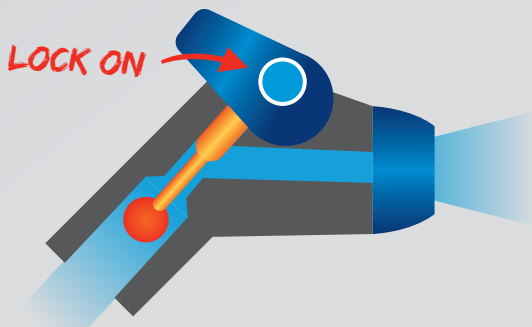

A gentle touch is all that is needed!

The all new patented Ox Controls™ Technology provides a life time of easy turn taps and hand held sprays that are drip free, environmentally friendly and of great assistance for arthritic and elderly people.

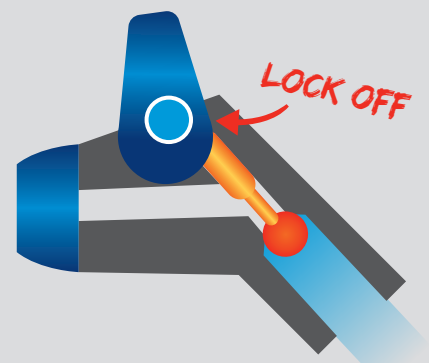

EASY CONTROL SYSTEM

With **water pressure assisted operation**.
How it works:

To turn on, simply pull the lever towards yourself! Lock it ON by pressing the lock button. Minimal effort is required!

To turn off, press the Lock button back to the original position. The water pressure will automatically turn the spray off!

EASY CONTROL GARDEN SPRAY

A gentle touch is all that is needed!

FEATURES

- Tough, strong and reliable materials backed with a five year product guarantee.
- Prevent water supply from contamination with inbuilt automatic back flow suppressor.
- Ideal for those with arthritis with minimal movement and no stiffening or sticking.
- So easy to turn on and off with our patented ergonomic and effort free operation.
- No maintenance required with the new valveless design.
- Available in a range of inlet sizes: ½", ¾", 1".
- Colour option to distinguish recycled and grey water sources.
- Innovative patented design with potential indoor applications as well.
- Decrease water wastage by eliminating drips.
- Patented in USA, Australia, New Zealand, China, and Canada. Patent Pending in Brazil and Europe.
- Compliant to all relevant Australian and International Standards.

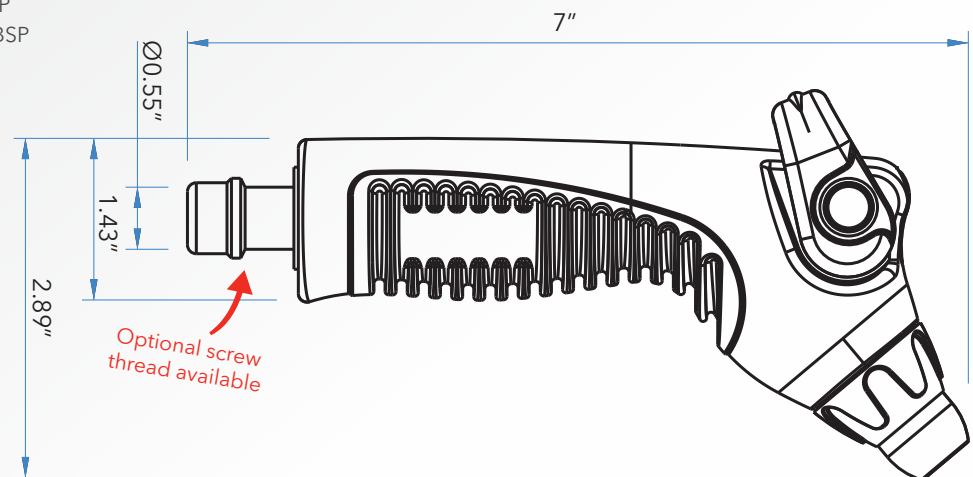

As a Tasmanian Innovation, a percentage of sales will be donated to the Tasmanian Save The Devil Program.
